TRIBUTE TO BRIGADIER GENERAL LEROY BARNIDGE, JR.

HON. IKE SKELTON

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2000

Mr. SKELTON. Mr. Speaker, today I wish to recognize a truly outstanding officer, Brigadier General Leroy Barnidge, Jr., United States Air Force. General Barnidge will soon be completing his assignment as the Commander of the 509th Bomb Wing, Whiteman Air Force Base, Missouri, located in the heart of my Congressional District.

General Barnidge distinguished himself by exceptional conduct in the performance of his duties as the commander of America's only B-2 bomber base. A natural leader, he carried America's most visible bomber from infancy to warfighting maturity and beyond. Widely recognized as a leading Air Force ambassador, he was hand-picked to host the highest levels of visitors including President Clinton and President Gorbachev, the Chairman of the Joint Chiefs of Staff, the Secretaries of the Air Force and Navy, and many of our colleagues in Congress. General Barnidge's command of one of the most inspected facilities under the START Treaty was unprecedented, resulting

in five visits with no discrepancies. He also led the wing to an Excellent rating in its first-ever B-2 Nuclear Operations Readiness Inspections and two nuclear surety inspections. In addition, the wing maintained an impeccable safety record in both combat and daily operations, as General Barnidge always kept flight and ground safety at the forefront of planning and execution.

General Barnidge's unmatched communications skills resulted in worldwide coverage of the B-2 and 509th Bomb Wing during his participation in press conferences with both the White House and Pentagon Press Corps. Through his energetic support of community activities and numerous speaking engagements, he single-handedly built a relationship between the base and local community that will last for years. His visionary leadership will pay dividends to the 509th Bomb Wing and the Air Force far into the future.

In addition, General Barnidge was recently named Air Combat Command's Outstanding Wing Commander and awarded the Moller Trophy. This trophy is presented to the wing commander who demonstrates the most effective personal leadership to achieve or maintain the wing's combat effectiveness. General Barnidge led the 509th Bomb Wing into air power history and set the standard for future operations with overwhelming success during Operation Allied Force.

Mr. Speaker, General Barnidge deserves the thanks and praise of the nation that he has faithfully served for so long. Also, his wife, Sandy, deserves so much credit for her strong supportive role. I know the Members of the House will join me in paying tribute to this exceptional officer.

A TRIBUTE TO AMY AND NEIL KATZ, BONNIE AND BRUCE KATZ, MARILYN AND STANLEY KATZ, AND PAULA AND IRA RESNICK

HON. NITA M. LOWEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2000

Mrs. LOWEY. Mr. Speaker, on May 23d, DOROT, a New York-based organization dedicated to improving the lives of the elderly and strengthening intergenerational relationships, will honor an extraordinary extended family.

Descended from Pearl and Jack Resnick, themselves remarkably generous philanthropists and community leaders, the Resnick and Katz families have made exceptional contributions to DOROT, while also exemplifying the giving spirit of volunteerism.

Pearl and Jack's children, Marilyn and Ira, together with their spouses, Stanley and Paula, as well as Marilyn and Stanley's children, Neil and Bruce, and their wives, Amy and Bonnie, have devoted time, energy, wisdom, and financial support to DOROT's programming. Their efforts have made a striking difference in the lives of countless senior citizens.

Together, the Resnicks and Katzes have assumed responsibility for new services and special events at DOROT, helping to attract greater support from our community and bolstering DOROT's efforts to reach out to persons in need.

Whether coordinating the delivery of Pass-over packages, organizing black tie galas, ex-

panding internship opportunities, arranging Thanksgiving banquets, or developing strategic plans, their contributions to DOROT have been both broad and deep. What's more, in addition to offering leadership and guidance, every member of this special family engages in hands-on volunteer work—interacting with clients and staff on a living, warm basis.

The timeless Jewish traditions of tzedaka and mitzvot have found inspiring expression in the Katzes and the Resnicks. I am delighted to join in honoring them today, and I am confident that their example will continue to guide new generations of volunteers and community leaders for many years to come.

WOMEN'S HEALTH

HON. CONSTANCE A. MORELLA

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 17, 2000

Mrs. MORELLA. Mr. Speaker, in 1990, the General Accounting Office (GAO) released a report citing the historical pattern of neglect of women in health research, and particularly the failure of many clinical trials to include women as subjects. This report led to increased government action on women's health research and to the creation of women's health offices, advisors, and coordinators in many government agencies.

Today only two agencies have women's health offices in the federal government that have statutory authorization. They are the Office of Research on Women's Health (ORWH) within the National Institutes of Health, and the Office for Women's Services within the Substance Abuse and Mental Health Services Administration (SAMHSA). These women's health offices are federally authorized and protected by law, and they have performed a remarkable service to the women of this country.

The other offices of women's health, advisors, and coordinators—the Department of Health and Human Services (HHS), Agency for Health Care Research and Quality (AHRQ), Health Resource and Services Administration (HRSA), Centers for Disease Control (CDC), and Food and Drug Administration (FDA)—face the possibility that future administrations will not to continue to support them, or that future funding will be insufficient for their needs.

Currently these offices stimulate new initiative to improve women's health and are the government's champion and focal point for women's health.

With this bill, we hope to create an enduring structure within which the currently well-documented ongoing needs and gaps in research, policy, programs, and education and training in women's health will continue to be addressed. It will ensure that important initiatives—in breast cancer detection and eradication, in the promotion of health behaviors and disease prevention, in improved public information about women's health, in better informed health care professions, among others—will reach fruition.

Therefore Mr. Speaker, I along with my colleague Representative CAROLYN MALONEY, am introducing the "Women's Health Office Act of 2000" which would provide statutory authorization for women's health offices in HHS, AHRQ, HRSA, FDA, and CDC. Such authorization would ensure that these women's
